Blown Up at London.

We learn from Mr. E. P. McQueen of a serious accident which occurred at London Thursday night, growing out of a ratification over the result of the election. Alex. Sartin was participating in the ratification, firing guns, popping anvils, etc. He had in his arms a package of three pounds of powder, for use, and it became ignited, it is supposed, from a spark from a cigarette, and exploded with terrible effect, injuring Mr. Sartin and burning him very badly in the face and all over the front of his person. He was reported in a critical condition yesterday, with serious doubts as to the result.

Robbery in Roane County.

[Kingsport Tennessee.]

Mr. Sawyer Hart, Sr., living in the 2d district, was robbed last Friday morning of \$500 in money and two or three hundred dollars in notes. The robbery was committed early in the morning, just after sunrise, and while the inmates were busy outside. Mr. Hart is an old gentleman over four score, and it seems, kept his money in a bureau drawer, and while he was taking his cows to pasture, and his wife was at work with the milk outside, the thief, who evidently knew where the money was kept, entered the house, broke open the drawer and made way with the money, just as the old lady entered the house, she just obtaining a glimpse of a retreating form as she entered. No clue is had to the perpetrator of the theft.

UP SALT RIVER.

A Democratic Defeat Yesterday.

The election for sheriff of Knox county yesterday was one of the quietest ever held in the city. The friends of the opposing candidates were at the polls in force, working with might and main, but the best of humor prevailed, and there was less bitter feeling manifested than usual.

The official returns from the city, which we present elsewhere, show that Anderson, the democratic candidate, carried the corporation by 334 votes, which was larger than his opponents had conceded or his friends claimed.

When in addition to these the returns from the 9th and 10th districts were received, showing large majorities for Anderson, his friends grew wild and claimed his election as absolutely certain. They shouted and blew their horns until quite a crowd gathered on Gay street, near the Hattie House, where Billy Anderson was called up and made a speech, thanking his friends for their support, and telling them what a good sheriff he was going to make. But as the returns came in from the third, the lower fork districts, the 18th, 6th and others, the noise up the street subsided. Several of the local democratic celebrities had been making eloquent speeches, telling how the "grand democratic victory" of the day showed the drift of public sentiment and how Hancock was going to sweep Knox county in November. But suddenly the noise in that quarter ceased and the friends of Gossett, the republican candidate, became enthused as the news from district after district came in, cutting down Billy Anderson's apparent majority until it was melted away and finally showed Gossett's majority to be six. In the meantime the excitement was unbounded, and one cheer after another went up for Gossett, from the neighborhood of the CHRONICLE office, where a large crowd had gathered to hear the result. The last reports were not received until near midnight, after which the crowd retired to their homes.

Who is Mrs. Winslow?

As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years, has untiringly devoted her time and talents as a Female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and as a result of this effort, and practical knowledge, obtained in a lifetime spent as a nurse and physician, she has composed a soothing syrup, for children teething. It operates like magic—giving rest and health, and is moreover, sure to regulate the bowels. In consequence of this article, Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certain to grow up healthy and strong, especially in this case in this city. Vast quantities of the 80-thing-syrup are daily sold on the 25th of January. We have had some 100,000 talized by her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unit in calling her blessed. No mother has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's 80-thing Syrup. Try it mothers—TAK IT NOW.—Ladle's Visitor, New York City. Sold by all Druggists. 25 cents a bottle.
